"The 41 and 38 noted above only equal 79. There are 9 units that were never loaded to PIC that are count in the ""removed units."" Current count of 69 is correct."

Housing Authority Provided 1999
Bedroom Count Change Comments

108 standing unit bedrooms plus 44 removed bedrooms listed; plus 39 bedrooms the 9 units that were not uploaded.

HUD's Response to Request For
1999 Unit Count Correction

PHA proposed unit count matches the sum of the current number of standing units plus the number of units designated as non-dwelling plus the number of units designated as removed from inventory therefore it makes sense to accept revised unit count.
